DIY PRINTABLE DESIGNS

PERFECT FOR...

Cupcake Toppers | Favor Tags
Invitations | Stickers | Goody Bag Labels | Scrapbooking

PRODUCT:

You will automatically receive an email with download instructions shortly after purchase and completed payment. The file you download will be an 8.5" x 11" PDF digital file in high resolution. Each file will consist of (12) 2-inch printable circles with no watermarks. This is a digital file and no printed products will be sent.

PRINTING TIPS:

The PDF file can be printed from your home printer or uploaded to your local photo lab (Walmart, Target, Walgreens, etc). For best results when printing your designs at home, use 8.5" x 11" cardstock or photo paper and make sure your printer is set to print on this paper size and type.

TOOLS:

All of our designs can be cut with scissors or xacto knife but for perfect circles, you can use a 2" circle punch that can be purchased at a craft store. A scalloped or square punch can also be used to cut out the designs for a different look.

TERMS OF USE:

Images are for personal use only. Sharing, re-distribution, or selling as a collage digital file is prohibited.

HOW TO MAKE CUPCAKE TOPPERS

Supplies: Scissors, 2" Circle Punch, Hot Glue Gun or Tape, Lollipop Sticks or Toothpicks

With scissors, cut the printable circles into 4 rows to easily punch the designs out. Use your 2" circle punch and punch out each image. You can either hot glue your printable circle to the lollipop stick or simple tape the stick to the back of the printable circle.

To hide the lollipop stick and for a cleaner cupcake topper look, you can glue a second printable circle to the back to create a double-sided topper.

A quick and easy party decoration that can be made in minutes!
